

THE TIME IS NOW TO MAKE A DIFFERENCE

For the Future of Nerve!

EXTREMITY NERVE • RESEARCH •

FOUNDATION

The Charitable Research Society of the
Association of Extremity Nerve Surgeons

The ENRF mission is to provide charitable outreach and promote scientific research and education for extremity nerve treatment.

WHAT DOES THIS MEAN?

Your organization is supporting a medical mission, grants for post graduate training at surgical courses and valuable research to pave the way for future treatment.

CALL TO ACTION!

Right now one of the most important studies, referred to as the DURA study, has the chance to be completed within 3 years by an IRB approved study with Baylor Scott & White Hospital System.

Research studies can cost over a million dollars but through Dr. Scott Nickerson and Dr. Doug Murdoch's diligent efforts, the hospital has approved a budget of \$220,000* for data collection of 80 patients pre and post.

WE NEED YOUR HELP TO RAISE THE REST!

Donations to the Foundation are tax deductible as charitable or business gifts. Spread the word to colleagues and patients! Contact info@aens.us to distribute any information to potential donors.

Yes! **I WANT TO MAKE A DIFFERENCE FOR THE FUTURE OF NERVE** and make a commitment to support the study on "A Prospective Study of Recurrence Risk in Diabetic Foot Ulceration after Nerve Decompression".

- \$1500 COMMITMENT (*payable in 2 payments Dec 30, 2018 & Sept 30, 2019*)
- \$3000 COMMITMENT (*payable in 2 payments*)
- \$5000 COMMITMENT (*payable in 2 payments*)
- \$85/MONTH COMMITMENT (*payable per month for 24 months*)
- \$____ COMMITMENT (*please write in your donation amount*)
